

The CertainTeed Integrity Roof System™

Superb products that work even better as a team...Install the System!

The Integrity Roof System™ is for homeowners who want the very best.

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution.

Step 1

WinterGuard™

Waterproofing underlayment prevents leaks from ice dams and wind-driven rain in vulnerable areas.

Step 2

Roofers' Select™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

Step 3

Shingles and Accessories

Complete your roof system with products designed to complement one another, including the starter course, high-quality shingles, and corresponding hip and ridge caps.

Note: Proper ventilation is required to obtain SureStart PLUS coverage. Air Vent, Inc. ventilation products are recommended for use in connection with the Integrity Roof System.

SELECT Shingle Roofer™

Looking for the best roofing company in your area?

CertainTeed is proud to sponsor the **SELECT Shingle Roofer™ program**. This roofing contractor credential represents the highest standards of excellence, quality and knowledge in the shingle roofing industry. So rest assured you are getting one of the best.

Why you should choose a SELECT Shingle Roofer
Earning this highest level credential involves a rigorous process, including several significant educational and accreditation steps. This mark of distinction separates SELECT Shingle Roofers from most other companies. The company must continue to meet the following requirements to maintain the credential:

The Most Well-Qualified Installers

- Thorough testing and regular re-accreditation ensure that all supervisors and at least 50% of the company's installers are Master Shingle Applicators™ (MSA).
- Information from the CertainTeed Shingle Applicator's Manual provides instruction to MSAs, making them some of the **most knowledgeable roofing installers** in the industry.

Product Knowledge

- One or more company employees have earned the Quality Master™ designation after passing a test on the CertainTeed Shingle Technology Manual, which proves their knowledge of shingle products, quality standards and satisfying customer objectives.
- **Trust in their expertise** to explain important differences between shingles and offer an appropriate selection of products for your roof.

Insured and Established

- The SELECT Shingle Roofer must carry worker's compensation insurance, as required by law, and liability insurance covering roofing. This coverage is **critical for your protection**.
- These companies have been in business for a minimum of five years or held another CertainTeed credential for at least one year.

Ethical Conduct

- The SELECT Shingle Roofer agrees to abide by a code of ethics that covers compliance with applicable laws, standards of workmanship, customer service and business administration.
- This **company is committed** to uphold industry-accepted standards and business practices.

SureStart™ PLUS

- The SELECT Shingle Roofer has the **exclusive ability** to offer you three levels of extended warranty protection.
- Ask about the **extra protection** available on your investment when an Integrity Roof System™ is installed.

SureStart PLUS 5-STAR Coverage

- CertainTeed stands behind the SELECT Shingle Roofer's **workmanship for up to 20 years** when you select this level of coverage.
- To monitor your level of satisfaction with the SELECT Shingle Roofer, CertainTeed performs an independent survey after your 5-STAR Coverage has been registered. CertainTeed will send you a **Roofers TrackRecord™ Survey**, which allows you to rate the professionalism and workmanship of your SELECT Shingle Roofer.
- This complimentary survey, in conjunction with the finest warranty coverage in the roofing industry, provides reassurance and an extra measure of protection for your new roof.

Up-to-Date Credentials

- CertainTeed keeps a record of each SELECT Shingle Roofer to ensure their credentials and insurance coverage are current.
- Call 800-782-8777 to ask about a contractor's credential status or look them up on the **Locate a Pro** section of www.certainteed.com.
